EVENTS IN SOCIETY.

The marriage of Miss Ethel Vera Pierce, daughter of President Edward Pierce of the State Normal School, to William Knapp Maull of Tucson, Ariz., will be solemnized this evening at 8 o'clock at the family residence, No. 61 West Fifth street. It will be an ideal home wedding, with all the beauty and poetic symbolism that broad culture and exquisite taste can suggest. The preparations favor of old-world customs, where the family

room was a study in pink, while the gift room held an artistic arrangement of greenery, the work of Mrs. Goodin. John Andrews, acting as usher, stretched white satin ribbons to form an aisle through the several rooms, through which the bride party passed. First came the little flower girl, Helen Powers, in white, then came the bridesmaid, Miss Ethel Culver, all in pink, carrying pink carnations, the maid of honor, Miss Nina Reed in pure white organdie immediately preceded the bride. The natural beauty and exquisite coloring of the sweet young bride was fully set off by the handsome wedding gown of imported figured chiffon over white liberty satin. The bodice was an elaborate tucked and shirred affair garnished with silk applique and French knots of white satin

gather from far and near to take upon themselves the principal parts in the ceremonies, and still more suggestive of "ye olden time" is the temporary structure which has been erected in the library to be converted into two Turkish dressing-rooms for the occasion.

The ceremony will be performed by Rev. C. C. Pierce, pastor of the Memorial Baptist Church, assisted by Rev. T. Irving Wheat, another relative of the family, and the ribbon bearer, who will form an aisle in the drawing-room by stretching white satin ribbons, are two little lads, Stirling Pierce and M. N. O. Pierce. The Pierce home is admirably adapted for social functions, and all the lower floor will be opened for this occasion, the ceremony taking place in the drawing-room, under a canopy of white illusion and green smilax, caught with white carnations, from which depends a lovely knot of white satin ribbon. The ministers, with Mr. Maull and the best man, Jack Comstock of the Salt Lake Railroad, will await the bride in the drawing-room, while a pretty bride procession winds its way from room to room. Miss Alice Talcott of Pasadena being at its head. Miss Talcott, who lightens her mourning for the first time to serve Miss Pierce as maid of honor, will be gown in white silk mull over white satin, trimmed in lace medallions, the only touch of color being the shower bouquet of baby roses in delicate shell pink. The bride will follow on the arm of her father. The dainty beauty of this piquant little bride will be enhanced by a girlish gown of filmy white crepe chiffon, over white silk, shirred to the figure in princess effect. The bodice is garnished with Duchesse lace and the skirt drops in long, graceful lines to the flaring full at the bottom. Miss Pierce will wear a veil and carry a shower bouquet of bride's roses.

The ceremony will be witnessed only by relatives and near friends and at 8:30 a general reception will begin and continue until 10 o'clock. Refreshments will be served in the dining-room, where pink roses nod and gleam, and a dainty punch room with masses of green and many cosy corners will be presided over by two young girls, Miss Gertrude Pierce and Miss Josephine Dunkleberger. Arend's Orchestra being stationed in the music room. Mr. Maull's mother, Mrs. L. V. Maull of Chicago, will be present. The young couple will go to one of the near-by resorts for a few days and then to Mr. Maull's ranch at Pantano, Ariz., for two weeks. They will make their home temporarily at Tucson.

Among the many handsome presents received by Miss Pierce is a magnificent punch bowl and glasses of cut glass.

North and South.
The home of Mr. and Mrs. Charles W. Allen of No. 1341 South Hope street was early festooned without with Chinese lanterns last evening in honor of the marriage of their daughter, Winifred, to James U. Hall. This wedding was another case of union of North and South. Mr. Hall's father, the late Col. M. S. Hall, having been a Confederate colonel from Kentucky, while the Allen family were closely identified with the Union cause.

The ceremony at 8 o'clock was the spiritual service, conducted by Rev.

ribbon. The tucked and shirred skirt had a stylish waved fringe of rosettes of chiffon and ribbon, and extended to a graceful trailing. She wore a veil of soft illusion caught with natural orange blossoms, and her bouquet of bride's roses and ferns touched the hem of her gown.

Mr. Hall was attended by Arno Richard as best man. The wedding march was played by Miss Conklin, while Miss Belle Martin sang "O My White Own" just before the ceremony. During the evening Mr. Hall, who is a fine musician, sang, by request, Robyn's "Answer." The gifts received by the young couple came

from nearly every State in the Union, the handiwork being a star and crescent set in nine diamonds from Mr. Hall's mother, Mrs. M. S. Hall. The bride's going-away gown was a stylish coat suit of silk and velvet with picture hat of black. After a honeymoon spent at Coronado, Mr. and Mrs. Hall will reside with Mr. and Mrs. Allen, and Mrs. Hall will continue her studies at Cumstock.

Aftermath.
Not to be cheated out of the pleasure of participating in the wedding of their pastor and his wife, which occurred some time ago in London, the wedding reception given last evening to Rev. and Mrs. J. H. Malloy at the Plymouth Congregational Church was delightfully planned by the mem-

them to the altar, scattering rose petals from tiny baskets, an aisle being formed by twelve little ribbon-bearers from the Malloy Sunday-school class. Being led to the altar, in lieu of a ceremony, De Koven's "O Promise Me" was sung by Mrs. Grace Smith Bannerman. "A Greeting From the Church" came next on the programme, delivered by A. E. Merrill. This was followed by a "Welcome From the Ladies," by Miss M. B. Parker. Rev. J. L. Malloy, missionary superintendent of Southern California, gave a "Welcome From the Ministers," and H. S. Sparks delivered a graceful little speech of presentation, the gift from the congregation having previously been borne to the altar by Mr. Sparks's two little sons. It was a chest of solid silver tableware.

The delightful little ceremony was closed by a fine selection from the entire Treble Clef Club, after which congratulations and a general social time were in order. Dainty souvenir invitations for this reception were issued containing fine stamp pictures of Mr. and Mrs. Malloy.

Boyle Heights Surprise.
Ralph P. Helman and Miss Grace Miller, two young people well known in Boyle Heights, were quietly married last evening at 7 o'clock at the parsonage of the Boyle Heights Methodist Church, by Rev. E. J. Howard, pastor of that church. Miss Miller was handsomely rowned in a blue and white tailor suit with hat to match. The young couple leaving immediately for a wedding journey to Paris unknown. After their return they will be at No. 322 East First street. A few friends witnessed the marriage: Mrs. Helman, Dorran B. Helman, Charles Miller, Jesse Matthews and Mrs. Fox.

University Reception.
At the University Methodist Episcopal Church next Friday evening there will be a reception in honor of Rev. E. A. Healy and family, the new members of the church, and the new college students. A fine programme has been prepared, and members of the church and congregation are cordially invited.

Dorsey-Dales.
At the Broadway Church of Christ last evening occurred the wedding of Miss Birdie Cecelia Dales and Edward W. Dorsey, the marriage being solemnized by Rev. B. F. Coulter. Mr. Dorsey is a nephew of Rev. P. W. Dorsey, for some years president of the Baptist College of Los Angeles, and Miss Dales is a daughter of Rev. D. Dales, and niece of James Dales, commander of the gunboat Brilliant during the Civil War. The bride was daintily gowned in an imported crepe de chine, over cream tulle, her wedding veil illusion being caught with white carnations and ferns. Carried a bouquet of the same flowers. After the ceremony the bride donned a going-away gown of blue and the young couple left for Santa Catalina, where the honeymoon will be spent.

IT WAS HELL WITHOUT HER.

Edouard De La Brousse Slays His "Beloved Marie."

Unrequited Love Prompts Murder of Beautiful Girl.

"King of Yip" True to His Family—Earl of Lonsdale Talks—Elopers Married.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—Miss Jordan, a handsome brunette, was shot dead on the street today by Edward De La Brousse, who then fired a shot into his own head, inflicting a wound which will probably prove fatal.

The tragedy was the result of unrequited love. Miss Jordan, who was employed as a saleslady in the cloak and suit house of Armand Calleson on Kearny street, had long been admired by De La Brousse. He was formerly a salesman in the haberdashery of Wolf & Frank, also on Kearny street, and he daily saw Miss Jordan passing to and from her work. Recently, it is asserted, he became weary of his persistent attentions and plainly informed her of that fact in wait for her at the noon hour, on a corner he knew she would pass as she went home to lunch. It was near her residence, close to the intersection of Hyde and Sacramento streets. He waited until she intended to turn back, then he fired the shot which struck her in the back of the head, inflicting a wound which will probably prove fatal.

The murderer then placed the pistol against his own head and fired, but the bullet failed to go off. He lowered it and it was discharged, the bullet striking the sidewalk. Almost instantly he again aimed at his head and this time the shot went to the mark, the bullet passing through his brain, inflicting a wound which will probably prove fatal.

The affair has caused considerable excitement, as each of the parties had a wide circle of friends and acquaintances. They were both under 30 years of age.

Statements regarding the details of the tragedy are somewhat conflicting. Some stories told by eye-witnesses, however, generally agree that De La Brousse, who had left his place of employment about ten days ago, waited for Miss Jordan at the corner of Leavenworth and Sacramento streets. They walked down the street, and when they reached the entrance which leads into No. 1459 Sacramento street, a house well in the rear, with a large garden in front.

De La Brousse, according to the statement made by Harvey Long, a hatter, who was standing near the scene, opened the gateway for the girl, and the two started up the broad walk together. When a few steps from the entrance, De La Brousse placed his hand upon the girl's shoulder, arresting her progress, pulled out a pistol, and, placing the weapon to her head, fired two shots into her brain. She fell to the ground at his feet, and before Long could reach her, the murderer lay by her side with a bullet in his head.

De La Brousse left a letter addressed to his sister, telling her to look after her sister's body and to tell her sister's mother that he had died. He also left a letter to his sister's mother, telling her to look after her sister's body and to tell her sister's mother that he had died. He also left a letter to his sister's mother, telling her to look after her sister's body and to tell her sister's mother that he had died.

It was stated at the hospital tonight that De La Brousse might recover, notwithstanding his expressed desire to die.

'FRISCO BONDS CARRY.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Sept. 29.—A special election was held in this city today for the purpose of voting bonds to the amount of \$10,000,000 for the improvement and ornamentation of the city. The entire bond issue was carried with the exception of two of the park propositions, one at St. Mary's and the other at Twin Peaks. The bulk of the vote in favor of the bonds devoted more to public utilities than to the ornamentation of the city, the heaviest vote being cast for the new sewer, the city and county hospital and for the schools. A comparatively light vote was cast.

TO SET DIMMICK FREE.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—The Supreme Court today granted the application for a writ of habeas corpus in the case of Walter N. Dimmick, who was sentenced to serve two years in prison on charges of looting the vaults of the mint, where he was employed as chief clerk.

It is contended by Dimmick in his application that he is now illegally being imprisoned and restrained of his liberty. He claims that he was arrested on October 14, 1902, he was sentenced to serve two years imprisonment and the judgment of the court was that he be sentenced for two years from the said 14th day of October, 1902. Since the sentence was pronounced he was detained for a long time in the Alameda county jail, and it was on April 13 that he was taken to the prison at San Quentin. He claims that his term of imprisonment expired September 11 by being credited with good conduct marks and that he should now be at liberty. Dimmick will be brought to the Supreme Court on Monday, when the matter will be argued.

Police Judge Fritz could not understand when the case first found its way into his court why it had been transferred to this side of the bay, when with the complaining witness and

the defendant lived in Oakland, and refused to dismiss the case. He orders Snow to appear tomorrow for trial.

Judge Fritz advised Snow to secure counsel, as he intended to hear all of the testimony in the case. The case is the outgrowth of a political campaign.

SACRAMENTO, Sept. 29.—The auditing board to the Commissioner of Public Works this afternoon held a conference jointly with Gov. Pardee and Lieut.-Col. W. H. Meuser, U.S.A., with reference to the proposed weir at Butte Slough. Members of Colusa county along the Sacramento river opposed the installation of this weir on the ground that it would force flood waters against their levees and cause them great harm.

Butte Slough is in Butte county, but even all the residents on the east or Butte side do not favor the weir. However, those who do claim that the Colusa ranchers have built up levees to their detriment, and that it is time the Butte ranchers looked after their own interests. It is also proposed to put in a weir at Mountain Creek, above Butte Slough. By so doing, the commissioners claim it would be possible to utilize a portion of the Butte basin for a much longer period than could be done by the present levees.

The governor listened intently to the arguments advanced, but by those who favored and those who opposed the construction of the weir.

Alarming Conditions in Australia—War-Office Scandal Expected—Russia Prepared to Gobble All Trade and East Americans in Far East.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—The Earl of Lonsdale has arrived on the steamer Ventura on his way home after making a tour of the world. He is accompanied by his wife, the Countess of Lonsdale, and a retinue of servants. During the past few months he has been traveling through the Orient and Australia, studying the social, political and industrial conditions.

In speaking of Australia he said that the conditions there, resulting from the political situation, are both unsatisfactory and alarming. The Australian Parliament has enacted laws that are disastrous, stifling industry. The government at the same time is top-heavy and overpaid. Instead of having one government for each colony appointed by the crown, one Governor-General for the commonwealth ought to be a sufficient head for the government.

Of English politics he said he had not been able to keep in as close touch with them as he would have liked. In regard to the scandal in the War Office, he said he was precisely what he expected, and he needed no findings of a commission to enlighten him on conditions there. The War Office authorities are entitled to all the censures they have received, and he did not believe Lord Kitchener was suited for the War Office.

His observations in the Orient led him to believe that Russia was playing an interesting game in the Far East. She may withdraw a battalion of troops, but as she does so she sends in a squadron of tanks to take its place, and these battalions are there for work more serious than to take care of railroads. Russia is prepared to gobble all the trade of the Far East, and she will outwit all the Americans from the Yalu River for one thing, cutting into the lumber trade now being shipped from this Coast by opening up the rich timber belt owned by Russian firms in the Yalu district.

The Earl and Countess will spend about two weeks in the United States before sailing from New York for England.

The War Office authorities are entitled to all the censures they have received, and he did not believe Lord Kitchener was suited for the War Office.

His observations in the Orient led him to believe that Russia was playing an interesting game in the Far East. She may withdraw a battalion of troops, but as she does so she sends in a squadron of tanks to take its place, and these battalions are there for work more serious than to take care of railroads. Russia is prepared to gobble all the trade of the Far East, and she will outwit all the Americans from the Yalu River for one thing, cutting into the lumber trade now being shipped from this Coast by opening up the rich timber belt owned by Russian firms in the Yalu district.

The Earl and Countess will spend about two weeks in the United States before sailing from New York for England.

WHITE CHIEF OF THE CAROLINES LEFT GREAT WEALTH.

Will of the Shipwrecked David O'Keefe, Who Ruled Black Tribes, Found at Hongkong, Leaving Large Amount to Daughter in Georgia.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—William C. Harridge, who went to the Caroline Islands last May in the interests of Mrs. Catherine O'Keefe, widow of David O'Keefe, who arrived on the steamer Doric, O'Keefe was known as the "King of Yip." He left his wife and daughter in Savannah, Ga., in the early seventies, was shipwrecked and stranded on this island.

Being the first white man the natives had ever seen, they treated him with every possible reverence and finally made him King. Over a year ago, after visiting Hongkong on business, he started to return on one of his vessels, and that was the last ever heard of him. Although he had "no wives in the Caroline, he always kept his wife and daughter in Savannah well supplied with money.

"Upon hearing of his death, Lawyer Harridge went out to see W. C. Harridge, who found a will in Hongkong, distributing an estate valued at \$1,000,000 in property, all of which he produced. He has left quite a large amount to his daughter, Mrs. J. P. Butler of Savannah, and it is expected that the Savannah papers will claim about 50 per cent. of the estate.

CAN'T QUIT LIBEL CASE.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—A Goldsman, the wealthy grocer, who swore to a complaint before Police Judge Fritz about a week ago charging former Mayor W. B. Snow of Oakland with criminal libel, appeared in court today and filed a written application requesting the dismissal of the charge against Snow.

Police Judge Fritz could not understand when the case first found its way into his court why it had been transferred to this side of the bay, when with the complaining witness and

the defendant lived in Oakland, and refused to dismiss the case. He orders Snow to appear tomorrow for trial.

Judge Fritz advised Snow to secure counsel, as he intended to hear all of the testimony in the case. The case is the outgrowth of a political campaign.

BUTTE SLOUGH IMPROVEMENT.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, Sept. 29.—The auditing board to the Commissioner of Public Works this afternoon held a conference jointly with Gov. Pardee and Lieut.-Col. W. H. Meuser, U.S.A., with reference to the proposed weir at Butte Slough. Members of Colusa county along the Sacramento river opposed the installation of this weir on the ground that it would force flood waters against their levees and cause them great harm.

Butte Slough is in Butte county, but even all the residents on the east or Butte side do not favor the weir. However, those who do claim that the Colusa ranchers have built up levees to their detriment, and that it is time the Butte ranchers looked after their own interests. It is also proposed to put in a weir at Mountain Creek, above Butte Slough. By so doing, the commissioners claim it would be possible to utilize a portion of the Butte basin for a much longer period than could be done by the present levees.

The governor listened intently to the arguments advanced, but by those who favored and those who opposed the construction of the weir.

LONSDALE, COUNTESS AND RETIRED AT SAN FRANCISCO.

Alarming Conditions in Australia—War-Office Scandal Expected—Russia Prepared to Gobble All Trade and East Americans in Far East.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 29.—The Earl of Lonsdale has arrived on the steamer Ventura on his way home after making a tour of the world. He is accompanied by his wife, the Countess of Lonsdale, and a retinue of servants. During the past few months he has been traveling through the Orient and Australia, studying the social, political and industrial conditions.

In speaking of Australia he said that the conditions there, resulting from the political situation, are both unsatisfactory and alarming. The Australian Parliament has enacted laws that are disastrous, stifling industry. The government at the same time is top-heavy and overpaid. Instead of having one government for each colony appointed by the crown, one Governor-General for the commonwealth ought to be a sufficient head for the government.

Of English politics he said he had not been able to keep in as close touch with them as he would have liked. In regard to the scandal in the War Office, he said he was precisely what he expected, and he needed no findings of a commission to enlighten him on conditions there. The War Office authorities are entitled to all the censures they have received, and he did not believe Lord Kitchener was suited for the War Office.

His observations in the Orient led him to believe that Russia was playing an interesting game in the Far East. THE CITY IN BRIEF.

NEWS AND BUSINESS.

Buys on Union Avenue.

Margaret McCarry has purchased of Alma Ecker, through Althouse Bros., a modern nine-room frame residence, with lot, 324x150 feet, on the northwest corner of Union avenue and Eleventh street, consideration named, \$7500.

Wells Fargo Difficulty.

Superintendent Prigham of the Wells-Fargo Express Company declared yesterday that there were no new developments in the difficulty between the company and its men, but one of the employees stated last night that there is a strong probability that the movement toward a strike will be carried out.

Bankrupt.

Arthur J. Morse, a local assayer, filed a petition in bankruptcy in the United States District Court yesterday stating his liabilities as \$2610.83, and total assets as \$925. A similar petition was filed by John R. Black, a laborer of Fillmore, who acknowledged liabilities of \$2100 and assets of \$720.

May Lose His Sight.

While making a steam packing with molten babbit oil, a worker yesterday, Vady Washington, a laborer, poured the metal into a pipe in which there was a small quantity of water. The metal was thrown out and a portion of it struck him in the eye, inflicting an injury which may destroy the sight. He is now treated at the Receiving Hospital.

Consolidation Committee.

A meeting of the City and County Consolidation Committee was announced to have taken place last night, but there was no quorum, and an adjournment was made until Thursday evening of next week. Several of the city and county officials were present last night to give their views on the proposed consolidation, and this will be given precedence at the next meeting.

Started Spontaneously.

Fire was discovered at 10 o'clock last night in a house in the course of erection at No. 1126 Magnolia avenue, and a telephone alarm summoned an engine company. It was at first supposed that the fire was of incendiary origin, but later it was discovered that it had originated in a 1601 box in which house painters had placed their overalls, and that it was caused by spontaneous combustion. The loss will not exceed \$100.

Francis Murphy Prayer Meeting.

The regular weekly prayer meeting of the Francis Murphy Association was held this evening at the home of Mrs. C. F. McDonald, No. 1542 Orange street. All interested in the cause of temperance and morality are invited to be present. Letters from Francis Murphy are expressive of a most enthusiastic interest in the work, and his purpose of resuming his work at Blanchard Hall on the second Sunday in October.

Lost Their Clothes.

Sparks from a chimney ignited the roof of a Chinese laundry in the rear of No. 1158 San Pedro street yesterday afternoon and in extinguishing the fire it was necessary for the firemen to use a chemical stream. This with the fire caused the practical destruction of a large quantity of washing which the laundry proprietors had collected from their customers. The loss will amount to \$100, but a more serious feature of the fire will be the inconvenience caused to patrons of the laundry by the loss of their linen.

Wholesale Furniture.

Joseph F. Wally, aged 59, whose home is at No. 1019 West Eighth street, narrowly escaped death under the wheels of a traction car yesterday afternoon on Third street between Hill and Broadway. He was riding a bicycle when a car struck him from the rear, throwing him violently to the street. It was at first supposed that he was very seriously injured. He was carried to the Receiving Hospital in a dazed condition and a severe lacerated wound on the back of his head was dressed. He was then taken to his home.

Foresters Feast.

Court Temple, Independent Order of Foresters, held an interesting session last night in the hall at No. 1735 North Spring street, about seventy-five members being present. It was called a "Rip Van Winkle" evening, and was a social one in every way, a dozen or more members making speeches on the good of the order. Messrs. Frohman and Pearson were appointed a committee to arrange for a spread for the members and in a short time the entire party adjourned to the Boston restaurant on South Broadway and spent an hour in feasting.

Employees Banqueted.

The employees of James Smith & Co. were banqueted last evening at Levy's, it being Mr. Smith's "treat." During the entertainment of the house, the clothing establishment at Nos. 137-9 Spring street, Mr. Smith's employees have disregarded "hours," and responding to a situation calling for sacrifice have rendered a service that could not be overlooked by so genial an employer as Mr. Smith. The result was a banquet partly expressive of appreciation and at which mutual confidence was pledged and words of encouragement were exchanged. The occasion was greatly enjoyed by all participating.

Irrigation District Middle.

A bill in equity entitled John H. Morris vs. San Joaquin and Pleasant Valley Irrigation District, William J. McEuen and William Haslam, members of the Board of Directors and Eugene Johnson, secretary, was filed in the United States Circuit Court here yesterday. The plaintiff, a resident of Michigan, charges that the defendant corporation is insolvent; that since July, 1935, the members of the Board of Directors have failed in the performance of all duties concerning its management, have held no meetings, have failed to protect and keep any of the assets derived from its business; that they have and do allow private and hostile interests to wrongfully appropriate and convert same, and allow them to collect tolls from the sale of water belonging to the district, and to wrongfully appropriate to their own use, and to destroy and render useless the ditches and canals appertaining thereto. Wherefore, it is requested of the court that a receiver be appointed to take possession of the property, receipts, earnings and accounts, and that \$237.14 be declared a lien on the property of the corporation, the same to be condemned and sold to cover this amount. The irrigation district against which complaint is made is located in Riverside county, although it was incorporated when the district was still a part of San Diego county.

BREVITIES.

Real estate advertisers and others: Hereafter all real estate and other classified "want" advertisements for Sunday insertion must be in the Times office not later than 11 o'clock Saturday night in order to be properly classified. All small advertisements received after this hour will be printed under a special heading of "Too Late to Classify." Special request is made of those telephoning "Lines" to do so before 10 p. m. each night. If you want to know all about Avalon and Catalina Island, who's there,

"Why, how well you are looking! Your vacation certainly did you a world of good."
